It is unnecessary for me to say more as it will be expected that those who may wish to purchase will call on the Subscriber living on the premises, and examine for themselves, and learn the terms which will be made accommodating.

Moore's Patent double Lock-stitch \$40 SEWING MACHINE.

THIS Machine is one that any body can use and every body will have. Its chief excellence consists in its astonishing simplicity. It is adapted to all kinds of Plantation and Farming use, and will not miss stitches. In beauty of design and mechanical construction, it has no equal in the country. It is my intention to sell a small portion of this State by counties, upon an equitable and fair basis. As a safe and highly remunerative investment it has no equal, and the large profits to owners of counties commend the enterprise to the attention of all who wish to make money rapidly on a small capital.
